SELECTMEN, TREASURER,
SCHOOL BOARD,
BOARD OF HEALTH, TOWN CLERK, LIBRARIAN
AND TREASURER OF TAYLOR LIBRARY
OF THE
TOWN OF DERRY,
FOR THE
YEAR ENDING, MARCH 1st, 1890.

DERRY, N. H.:
CHARLES BARTLETT, PRINTER,
BANK BUILDING, MAIN STREET.
1890.

ANNUAL REPORTS
OF THE
SELECTMEN, TREASURER,
SCHOOL BOARD,
BOARD OF HEALTH, TOWN CLERK, LIBRARIAN
AND TREASURER OF TAYLOR LIBRARY,
OF THE
TOWN OF DERRY,
FOR THE
YEAR ENDING, MARCH 1st, 1890.

DERRY, N. H.:
CHARLES BARTLETT, PRINTER,
BANK BUILDING, MAIN STREET.
1890.

TOWN WARRANT.

STATE OF NEW HAMPSHIRE.

[L. S.] *To the inhabitants of the town of Derry, qualified to vote in town affairs.*

You are hereby notified to meet at the town house in said town on the second Tuesday of March next, at ten o'clock in the forenoon, to act upon the following subjects:—

1. To choose a Moderator to preside in said meeting.
2. To choose all necessary town officers for the year ensuing.
3. To raise such sums of money as may be necessary for the support of schools, for the maintenance of poor, for the laying out and repairing highways and building and repairing bridges, and for other necessary charges arising within the town.
4. To hear the reports of Agents, Auditors, Committees or Officers, heretofore chosen, and pass any vote relating thereto.
5. To see if the town will accept from James C. Taylor two thousand dollars for the Taylor Library, upon the conditions stated in his offer to the town.
6. To see if the town will vote to raise and appropriate the sum of two thousand dollars a year to be paid to the corporation known as the Derry Water Works Co., for fire protection for a term of five years from the commencement of water service by said corporation, provided that said corporation shall locate and keep in repair, to the satisfaction of the selectmen of said town, not less than forty hydrants to be used exclusively for fire purposes.
7. To see if the town will vote to instruct the Board of Selectmen to expend in their discretion, any sum, not exceeding

two thousand dollars, (\$2000,) in the making of concrete sidewalks, in such places and along such roads and streets in said town as may to them seem most necessary and useful.

8. To see what sum of money the town will vote to raise and appropriate to the use of Upton Post, No. 45, Department of N. H., G. A. R., for the purpose of defraying the expenses of Memorial Day.

9. To see if the town will vote to return to the district system for repairing highways, and appoint a corresponding number of surveyors.

10. To see if the town will authorize Jesse Gibson to straighten the line on the westerly side of the Londonderry turnpike from an elm stump at the corner of the Depot road to the northwest corner of the causeway over Beaver Brook, by rebuilding the wall bounding his land nearly parallel to its present position.

11. To see if the town will instruct the trustees of Taylor Library to provide immediate means for the transportation of books between the library and Derry Depot, and the proper care, collection and delivery of same there; and for a temporary loan of books to a reading room there whenever such shall be properly established.

12. To see what sum of money the town will vote to appropriate annually, to be expended by the Derry Depot Fire District, in providing a permanent supply of water for said district.

Given under our hands and seal this 22nd day of February, 1890.

ROBERT H. CLARKE,	}	<i>Selectmen of Derry</i>
JOSEPH R. CLARK,

REPORT OF THE BOARD OF HEALTH.

To the Selectmen of the Town of Derry:—

During the year four cases of diphtheria were reported. Two of these were fatal. The cause of three of the cases was, doubtless, contagion. One, that at Mr. John Shannon's, was contracted without any known exposure to a previous case; and so far as could be learned, its origin was not attributable to any unsanitary surroundings. The drinking water was analyzed and found to be fine.

Several mild cases of scarletina were reported, and a few cases of typhoid fever occurred.

Nuisances were abated in several instances by official action, and in others at the suggestion of the Board.

Every man should be his own health officer. Public officials often do not become aware of the existence of a nuisance until disease breaks out; but had the householder been awake to the condition of his own premises, calamity would have been avoided.

Of the various sources of filth, perhaps the one most apparent and at the same time most difficult to control, where there is not a system of sewers, is the sink drain. The statute provides that it shall be carried away under ground or into a cistern. But thus it is generally nearer the well than if allowed to flow upon the surface of the ground; and sink water in a cistern is a body of putrefying matter, swarming with disease germs, sending its poisonous odors back into the house and impregnating the water-springs with disease. But if it is conveyed far away from the well and allowed to flow upon the surface of the ground, so as not to collect in pools, disintegration, aided by the sunshine, the free access of air, and by the process of nitrification in the soil, soon returns the harmful to the harmless elements.

Some approved disinfectant rightly used about the sink drains, helps greatly.

H. C. MATTHEWS,	}	<i>Board of Health.</i>
D. S. CLARK, M. D.,		
EDMUND R. ANGELL,		

ANNUAL REPORT

OF THE

SCHOOL BOARD

The several schools under the supervision of your Board, commenced, with one exception, on the 22d of April, and have been in session twenty-five weeks during the year.

The generally satisfactory state of the schools at the close of the spring term seemed to make it desirable that the same teachers should continue their work, and they were re-engaged in all cases except in No. 12. In this school the average attendance being three only, it was considered advisable to make other arrangements for them, and discontinue the school for the present.

It appears to your Board that an increased interest has been shown and a decided advance made in nearly all of the schools. The number of visits by parents and friends has been larger than heretofore, and the number of pupils who have endeavored to be punctual in attendance has largely increased.

The school house in No. 5 has been thoroughly repaired and painted, the school room enlarged and provided with a new desk and platform for the teacher, and a new shed built for wood and other accommodations.

New desks are needed for teachers in at least four of the houses, and painting and plastering in several others.

We wish particularly to call the attention of the district to the situation in No. 11. The addition made to the house in 1888 was a temporary relief to the previously crowded condition of the school, but the registers of the past year show the names of 172 who have been on attendance at least a part of the time. Of these 110 were registered on the Primary Division with an average attendance of 61 under the care of one teacher. Some measures should be taken for the relief of this school, either by a new building or by renting a room and providing a third teacher.

The prevailing sickness interfered considerably with the attendance, but a goodly number have a nearly perfect record, and for their encouragement and that of others, they are highly commended and their names placed on the
